ABOUT ME

I'm a passionate Full Stack Developer currently interning at Valudas Tech Park, Chhapi. I've built a full-fledged e-commerce website using React.js, Node.js, Express, and MySQL. I'm skilled in both frontend and backend, and constantly leveling up — currently exploring web security and diving deeper into advanced web development practices to stay ahead of the curve.

EDUCATION

GOKUL GLOBAL UNIVERSITY
bachelors of science in information technology

July 2024 - Expected May 2027

SKILL

- **Languages & Markup:** HTML, CSS, JavaScript
- **Front-end:** React.js, Responsive Design, Tailwind CSS
- **Database:** MySQL
- **Back-end:** Node.js, Express.js
- **Version Control:** Git, GitHub
- **Other Tools:** Postman, VS Code

WORK EXPERIENCE

Valuda's Technology Park | Chhapi - Intern

DECEMBER 2024 – PRESENT

- Built a fully functional e-commerce platform from scratch
- Developed RESTful APIs using Express.js
- Connected frontend with backend using secure endpoints
- Designed dynamic frontend with React.js and managed state efficiently
- Implemented MySQL database with optimized queries
- Gained working knowledge in securing web applications

PROJECTS

E-commerce Website
Built during internship at Valudas Tech Park

Developed a fully functional e-commerce web app using React.js, Node.js, Express, and MySQL. The project includes dynamic product listings, cart functionality, admin-side product control, and database integration. Focused on clean UI, smooth user experience, and scalable backend logic.
