SUMMARY

Full Stack Developer with 1+ years of experience building production-grade web applications using React, Node.js, Express.js, and MySQL. Delivered a live client website (Sheetal Sweets) deployed on a VPS. Currently interning at Quba Info Tech working on real-world projects with Node.js and Next.js. Backend-first mindset with a strong eye for frontend quality.

WORK EXPERIENCE

Full Stack Developer Intern

Quba Info Tech | February 2026 – Present

- Working on real-world client projects in an Agile/Scrum environment using Jira and Slack.
- Building backend APIs with Node.js and Express.js, and modern frontends with Next.js.
- Deepening backend engineering fundamentals in a professional team environment.

Full Stack Developer Trainee

Valudas Tech Park, Chhapi | June 2024 – January 2026

- Delivered a live business website for Sheetal Sweets & Bakery (sheetalsweets.in), deployed on Hostinger VPS with Nginx and PM2.
- Built ZepX, a full-featured e-commerce platform from scratch using React, Node.js, Express, and MySQL with Razorpay payment integration.
- Implemented JWT authentication, Google OAuth, and RESTful APIs across multiple projects.
- Worked on real estate and other full-stack web applications spanning frontend to database.

PROJECTS

Sheetal Sweets & Bakery | React · Node.js · Express.js · MySQL | [Live Site](#)

Fully responsive business website for a local brand. Deployed on Hostinger VPS with Nginx reverse proxy and PM2 process manager. Includes product showcase and brand storytelling.

Student Management System | Java · Spring Boot · MySQL · JWT · REST API | [GitHub](#)

Production-grade REST API with JWT authentication (access + refresh tokens), role-based access control, student/course/enrollment management, UUID-based file uploads via custom FileStorageService, and pagination. Built on a clean layered architecture: Controller → Service → DAO → Entity.

ZepX E-commerce Platform | React · Node.js · Express.js · MySQL · Razorpay | [GitHub](#)

Comprehensive e-commerce solution with dynamic product management, JWT authentication, admin dashboard, cart functionality, and secure Razorpay payment processing. Built fully from scratch.

TECHNICAL SKILLS

Backend: Node.js, Express.js, Prisma ORM, REST APIs, JWT Auth

Frontend: React.js, Next.js, JavaScript, Tailwind CSS, HTML5, CSS3

Database: MySQL

Tools: Git, GitHub, Postman, VS Code, Jira

EDUCATION

Gokul Global University

Bachelor of Science in Information Technology (BSc IT)

July 2024 – Present
